

Clery Act Compliance for University Sponsored Student Travel Policy

The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (*Clery Act*) is a federal law requiring colleges and universities participating in federal financial aid programs to maintain and disclose s

University's Clery reportable geography. Included is the requirement to disclose, on an annual basis, crime statistics that occur during Universit

Study Abroad Taught and Housed by a Third Party or Local Institution

If the University sends students to study abroad at a location or facility that the University does not own or control, the University does not have to include statistics for crimes that occur in those facilities. If the University rents or leases space for students in a hotel or student housing facility, the University is in control of that space for the time period covered by the agreement. For example, if there is an agreement with another institution to allow St. Bonaventure University students to enroll, but not to provide specific rooms, etc., the University does not have Clery reporting requirements.
